Frontend Developer

Description

Seeking a Frontend Developer with HTML/CSS experience. Knowledge of Tailwind CSS is a plus. Collaborate closely with designers to create exceptional user experiences, ensuring seamless integration of design and functionality.

Responsibilities

- Collaborate with designers to translate design mock-ups into responsive web interfaces
- Implement frontend functionality using HTML, CSS, and JavaScript
- Ensure cross-browser compatibility and optimize frontend performance
- Work closely with backend developers to integrate frontend components with backend systems
- Stay updated on emerging technologies and best practices in frontend development
- Assist with troubleshooting and debugging frontend issues as needed

Qualifications

- Minimum 1 year of experience in frontend development
- Proficiency in HTML and CSS; knowledge of Tailwind CSS is a plus
- Familiarity with JavaScript and frontend frameworks/libraries such as React or Vue.js
- Strong attention to detail and a passion for creating intuitive user experiences
- Excellent communication and collaboration skills
- Ability to work effectively in a fast-paced environment with tight deadlines
